

This is my first assignment at FunctionUP Bootcamp

20th March 2023

In this 1st-day bootcamp we meet with Bharat Gupta and Pritesh Kumar. Firstly, Bharat Gupta, sir give brief induction about the program. Then Pritesh Sir teaches many things about HTML basics and also motivated me about the FunctionUP boot camp and how we get success in careers.

1st Day session

The screenshot shows a Zoom meeting interface. At the top, a status bar indicates 'You are viewing bharat gupta's screen' and 'View Options'. The main content area displays a 'Day's Schedule' table. To the right of the table is a video feed of Bharat Gupta. The bottom of the screen shows the Zoom control bar with various icons and a 'Leave' button.

FunctionUP are a team of IIT / ISB alumni who are passionate about solving the key problem of starting a career in tech. A lot of smart and hardworking graduates find it difficult to crack high paying tech jobs either because of their background and their college not being able to help them get interviews. Hence, we started this placement bootcamp that hand holds people from skilling till employment.
